EXPERIENCE

CI GLOBAL TECHNOLOGIES |

Software Developer Intern

07/2024 - Present | Perungudi, Chennai, India

- I developed a comprehensive To-Do List Web App using Python, Flask, HTML5, CSS3, JavaScript and MySQL. The application includes CRUD functionalities, allowing users to manage tasks efficiently.

- Additionally, I implemented task assignment features with email notifications, enhancing collaboration and productivity for individuals and teams. This project sharpened my skills in full-stack development and task management systems.

CODSOFT IT SERVICES AND IT CONSULTING | JAVA PROGRAMMER

10/2023 - 11/2023 | Kolkata, West Bengal, India

- Collaborated with an energetic team of engineers to contribute to the development of a new feature for an internal web application, gaining hands-on experience with Java and Spring framework 6.
